

Join Lallemand EMEA Baking's Digital Transformation Journey!

Are you passionate about driving digital innovation and transformation? Do you thrive in a dynamic and collaborative environment? Do you want to shape this brand-new job position? If so, we have an exciting opportunity for you!

About Us: At Lallemand EMEA Baking, we are at the forefront of the baking industry, providing top-quality yeast and yeast derivatives to our customers. With 9 plants in Europe and 2 in South Africa, we are committed to enhancing our digital presence and improving customer engagement. Join us as we embark on a journey to implement a cutting-edge ERP system and revolutionize our digital landscape.

Your Role: As the Digitalization Manager, you will be the driving force behind our digital initiatives. You will lead certain implementations but also be involved hands-on. Initiatives include such things as:

- Lead the implementation of Microsoft Dynamics Finance & Operations across EMEA sites.
- Ensure seamless integration and data governance.
- Coordinate the deployment of "Factory Historian" in all plants.
- Manage SharePoint content.
- Champion the Work Your Way program to enhance employee efficiency with Microsoft 365.
- Oversee CRM and Digital Marketing.
- Plan for business continuity and assist with IT integration of acquisitions.

What We Offer:

- **Career Growth:** Opportunities for professional development and advancement within the company.
- **Innovative Projects:** Lead exciting digital transformation projects that make a real impact.
- **Collaborative Culture:** Work in a supportive and innovative environment with cross-functional teams.
- **Competitive Compensation:** Enjoy a competitive salary, benefits package, and flexible working hours.
- **Travel Opportunities:** Experience different cultures with travel across our regions, up to 20% yearly.

What You Offer:

- **Educational Background:** You have a relevant degree in Information Technology, Business Administration, or a related field.
- **Experience:** A minimum of 5 years of experience in a digital transformation, ERP implementation, data governance or a similar role supporting a business.
- **Technical Skills:** You are proficient in a digital transformation supporting initiative, like Microsoft Dynamics Finance & Operations, data governance, and / or digital tools like SharePoint and CRM systems.
- **Collaboration:** You enjoy working closely with technical teams to ensure project objectives and requirements are met. You can collaborate with cross-functional teams to resolve project issues and ensure successful project delivery.
- **Soft Skills:** You have strong leadership, communication, and project management skills. In addition, you can coordinate with various departments and manage multiple projects simultaneously.
- **Language Skills:** You are fluent in English. Additional language skills would be an advantage.

Your location: The position is flexible and can be based in your home office or one of our sites or offices in Europe.

Join Us: If you are ready to take on this exciting challenge and be a part of our digital transformation journey, we want to hear from you! Apply now and become a key player in shaping the future of Lallemand EMEA Baking.

Send your application and CV as soon as possible to Job-LDK@lallemand.com.

We will continuously process applications and call for interviews, as we will be starting as soon as possible.

All applications will be treated confidentially.

Please write "Digitalization Manager" in the subject line.

If you have any further questions, please contact Nicolai Jensen, General Manager & Vice President, mobile +45 22 10 68 54

About Lallemand

Lallemand Inc. is a privately-held Canadian company, and is a leading developer, producer and marketer of yeasts, bacteria and other microorganisms serving the baking, winemaking, distilling, ethanol, brewing, animal nutrition, dietary supplements, food, fermentation, pharmaceutical and plant care industries.
